Hi Maggie – we can carry out an accessibility audit for you for £70. This includes a full report and a further report when the issues are resolved.

If there are errors that need correcting, we can do this but I can't give you a price until I see how many errors there are and how difficult they are to correct.

Hope that helps.

Ro

**Subject:** Audit Report

Hi Ro

We've had our Internal Audit report for 2025-26 and one of the points raised is that the website accessibility statement should be updated to meet the requirements of WCAG 2.2AA and it should be tested annually in order to comply with the latest requirements. I would be grateful if you would let me have your comments on this and how we should plan to meet these obligations.

Kind Regards,  
Maggie
